

MAITRI THUMMAR

Full Stack Developer | ASP.NET MVC · C# · React.js · SQL Server

Surat, Gujarat, India | +91 99249 42243 | maitrithummar24@gmail.com

PROFESSIONAL SUMMARY

Full Stack Developer with 1 year of experience designing, building, and maintaining web applications using ASP.NET MVC, C#, SQL Server, JavaScript, and React.js. Skilled in end-to-end development across front-end and back-end layers, RESTful API integration, database design, and responsive UI implementation. Proven ability to deliver features for real-time, product-based applications while collaborating closely with cross-functional teams. Strong problem-solving skills, close attention to code quality, and a consistent focus on learning and applying modern web technologies.

TECHNICAL SKILLS

Programming Languages: C#, JavaScript

Frontend: HTML5, CSS3, Bootstrap, React.js, Responsive Web Design

Backend: ASP.NET MVC, .NET Framework, ASP.NET Web API

Databases: SQL Server, Stored Procedures

APIs: RESTful API Design & Integration, JSON

Architecture & Concepts: MVC Architecture, Object-Oriented Programming (OOP), CRUD Operations, Cross-Browser Compatibility

Version Control: Git, GitHub

WORK EXPERIENCE

Junior Full Stack Developer

December 2025 – Present

Evaan Softtech Pvt. Ltd.

- Develop and maintain modules for a real-time, product-based application using ASP.NET MVC and C#, supporting ongoing feature releases.
- Design and manage SQL Server database structures to support application functionality and data integrity.
- Contribute to the migration of legacy front-end components to React.js, improving UI modularity and maintainability.
- Support backend development using ASP.NET MVC, implementing business logic and CRUD operations.
- Collaborate with cross-functional team members to plan, implement, and test new features in an agile-style workflow.

Full Stack Developer Intern

June 2025 – November 2025

Cygnux Softtech Pvt. Ltd., Surat

- Built and enhanced modules for a client-facing Transport Management System using ASP.NET MVC.
- Implemented CRUD operations using C# and SQL Server to support core system workflows.
- Identified and resolved bugs, and delivered feature enhancements based on client and QA feedback.
- Developed responsive front-end interfaces using HTML, CSS, and JavaScript.
- Gained hands-on experience with the full software development lifecycle, from requirements to deployment support.

EDUCATION

Bachelor of Computer Application (B.C.A)

Vanita Vishram Women's University

TY-B.C.A: 2023–2024 | CGPA: 8.22
